What's Happening Across the WFC Community?

As with any grassroots movement, relationship building and community are critical to success. WFC is no different. We are grateful for our entire community and network. Here's where you'll find WFC "on the road."

In October, WFC will host the Women in Natural Resources Meetup at the [2023 SAF National Convention](#), in Sacramento, CA. During this meetup, we'll feature the WFC Resolution #2 - BROADEN recruiting practices to include wider networks, and build a pipeline of talent by connecting with and showcasing forests and the forest and forest products sector to youth and students, creating job shadowing and internship opportunities, etc. **If you're attending the SAF Convention, be sure to join WFC on Friday, October 27, 10:30am-12:00pm. We're also looking for volunteers interested in ensuring the meetup is a success.** If you'd like to be involved in the meetup planning, please [reach out to us](#).

WFC Needs Your Support

WFC is truly a grassroots effort and currently not under any one organization's umbrella. We were formed together by women in the for-profit, non-profit, public agency, and academic sectors from varying backgrounds and diverse perspectives. And we are committed to continuing.

Your financial support is needed and critical to continue the momentum. Your immediate support will directly support and ensure the continued success of the Women's Forest Congress movement. Throughout 2023, the Women's Forest Congress will engage and act upon the [Declaration and 10 resolutions](#) from the October 2022 event. Specific activities will include but are not limited to WFC strategic engagement and operations, ongoing communications and marketing, quarterly virtual gatherings, and supporting the volunteer-led Steering Committee, Advisory Council, and Working Groups, as well as the overall movement to position and learn from women as leaders in the forest community.

We are exploring options for the future, and all the options require some level of resources. **If you or your organization is interested in supporting the Congress, especially in this time of transition, check out our [sponsorship prospectus](#), [donate today](#) or [reach out to us](#).**

We'd also like celebrate and acknowledge Sustainable Forestry Initiative (SFI) for being our latest returning sponsor this year! Thank you for your continued support.

WFC Resolution of the Month

Throughout 2023, the WFC will feature a "Resolution of the Month." Throughout August, we're featuring Resolution #7 - **ASSESS compensation for women and promote paths to pay equity at all levels, including discrepancies in intersectional identities, communities, and demographics.** [Check out](#) the WFC Declaration to learn more. Does your organization have an example of how they are living out this resolution? We'd love to hear more and share with the WFC community. Connect via [email](#), tag us on social media (links below), or join our [LinkedIn Networking Group](#) to start a conversation.

Fun Fact of the Month

#DYK August 26th marks [Women's Equality Day](#) - commemorating the 1920 adoption of the 19th Amendment to the US Constitution, which “prohibits the states and the federal government from denying the right to vote to citizens of the United States on the basis of sex.” If you need a refresher, check out Schoolhouse Rock’s women’s suffrage [music video](#).

THERE IS A NEED – ARGUABLY TODAY MORE THAN EVER – FOR DIVERSE PERSPECTIVES TO HELP ENSURE THE HEALTH AND FUTURE OF FORESTS.
